"LABOR DAY—PROGRESS DAY."

SAMUEL GOMPERS' MESSAGE

By Samuel Gompers,
President of the American Federation of Labor

Labor Day, 1920, finds the toilers of America engaged in two great struggles.

The age-old struggle for economic advancement and liberation is incessant in its demands upon our time and our energy and our thought.

The periodically recurring struggle on the political field demands a concentration of effort now in order to safeguard liberty and to make the great birthplace of democracy its abiding place.

Despite the efforts of the enemies of labor, the movement presses forward, extending its influence and increasing its numbers.

Five million organized toilers are engaged in the political campaign of 1920. More than 25,000 have volunteered for service on committees in the communities throughout the nation. We are witnessing a great consecration of effort for human progress.

The struggle which labor wages in this political campaign is a struggle to defeat those who have proven untrue to humanity and who instead have served special privilege, greed and profit.

The struggle is to defeat those who have sought to weld chains of law upon labor in order that it might be hampered in the normal, natural and proper exercise of the functions of free men and women.

The struggle is to elect men who will stand true, to elect men who will not throw across the path of progress a barrier of ignorance, greed and bigotry.

In this struggle it is the duty of the workers of America and of all forward-looking, liberty-loving American citizens to unite every effort.

Those holders of public trust who have made for themselves records of betrayal of the people must not be allowed to evade the consequences of their acts.

The true convictions of America must be registered at the ballot boxes in November.

"Backward, turn backward, O time in thy flight," is the song of greed, stolen from the sentiment of harmless age to be the slogan of predatory powers.

The eyes of labor are toward the future, the hopes of labor are rooted in the faith that America will be true to her traditions.

Men and women of labor, this is a solemn hour of trial for all who believe in liberty and justice and freedom.

Let these be none among us untrue to the ideals of our movement, unfaithful to our cause and our country's welfare.

Our whole partisanship is to principles, our whole purpose human progress in freedom.

This is the hour for great effort. Men and women of labor, the duty is laid upon us. Let no one of us fail!

Women Pay Poll Tax

Seventy-Five Have Registered Thus Far

Seventy-five women thus far have paid their poll taxes and registered. The women have until October 2 to pay the tax of $1.50 and register. If paid by that time they can cast their ballot in the Presidential election in November.

It is expected that a large number of women will qualify by paying their taxes and registering.

BONUS IDEA WINS NOW UP TO SENATE

American Legion in Richmond Have Hot Fight on Measure

BARTON COMMANDER

C. Keith Carlin of Alexandria Delegate to National Convention—O. A. Reardon on State Executive Com.

Richmond, Sept. 6.—By a vote of 110 to 78, delegates to the State convention of the American Legion, at their final session Saturday passed a resolution framed by their national committeeman, John J. Wicker, Jr., invalidating both Wicker's majority report in favor of the soldier bonus and the minority report championed by Robert B. Tunstall, of Norfolk.

The substitute resolution, after a preamble devoted to a scourging of profiteers, put the convention on record as favoring the four-fold relief bill, in which is embodied the cash bonus plan and which now is in a pigeonhole of Senator Smoot's desk at Washington. However, it catered to the opinions of those delegates opposed to accepting a bonus, even if offered by Congress, by declaring that Virginia shall not fight for the bill in the national convention at Cleveland a few weeks hence, being content simply to leave the outcome in the hands of the Senate without conducting a campaign to gain passage of the bill.

Robert B. Barton, of Winchester, a captain of field artillery in the Eightieth Division; G. M. Harrison, of Fredericksburg, and Dr. Thomas B. Williamson, of Norfolk, post commander in that city the past year, were the nominees for the commandership. A majority of 105 was needed and Barton received just that number on the first ballot. His election was then made unanimous.

Bernard Meredith, of Richmond, who have served the past year as State war risk officer, was chosen by acclaim for the vice commandership.

William A. Stuart, of Big Stone Gap, retiring State commander, was opposed to John J. Wicker, jr., national committeeman from Virginia, for election to this office, the next contest on the slate. The present incumbent, who had been almost constantly before the convention with one phrase or another of his fight for the bonus plan, received 122 votes to Stuart's 58, and the latter moved for a unanimous return of Wicker for his position.

Post Commander Stuart was chosen a delegate at large, with ninety-nine votes.

It was noon before the plan to have debate on the bonus limited to five minutes for each speaker was defeated. Mr. Wicker briefly submitted his majority report, signed by ten members and Robert B. Tunstall, of Norfolk, reported for five minority members. He then spoke on a motion to have the convention record itself as unalterably opposed to compensation of any sort except that for wounded men and their dependents and the relatives of the dead.

Colonel Spiller, of Roanoke, began the open discussion of the question. Luncheon by the Red Cross and a concert by the Marine Band of Quantico, whose appearance was by special dispensation of Secretary Daniels then intervened.

After the election of Robert T. Barton as the commander for the coming year, and of a vice commander and national committeeman it was decided to leave the choice of State adjutant, finance officer, and historian to the selection of the new executive committee, which is composed as follows:

First district, Nelson C. Overton, Newport News; second district, H. L. Brooks, Norfolk; third district (Richmond), Andrew Christian; fourth district, C. E. Pollard, Petersburg; fifth district, W. S. Hopkins, Rocky Mount; sixth district, C. F. Cocke, Roanoke; seventh district, J. S. Graves Charlottesville; eight district, O. A. Reardon, Alexandria; ninth district, John A. Blakemore, and tenth district, W. J. Perry, of Staunton.

BIG BUSINESS IN DIXIE

Increase of Over 12,000 Cars Hauled During August Over July

All records have been broken by the railways of the south in the movement of the high tide of commerce that continues through the section served by them. According to figures announced today by the National Car Service Commission showing number of cars of commercial freight loaded during the six weeks period from July 11th to August 21st, this year, as compared and 1919, during each week of the six weeks period more cars of commercial freight were loaded at station on the railways of the South than during the corresponding week last year or the year before, the total for the six weeks this year being 795397 as against 716294 in 1919 and 737904 in 1918, when every nerve was strained to move the traffic incident to the war. During the week ended August 21st, 137939 cars were loaded at stations of railways of the south as against 26997 cars for the same week in 1919 and 124275 in 1918. During the first three weeks of August this year the total number of cars loaded was 416940 while during the last three weeks of July the number loaded was 378457 showing an increase of 38483 or over twelve thousand cars per week for August over July indicating a progressive improvement of this year as well as increases over last year and the year before."

NEW YEAR FESTIVAL CELEBRATED BY JEWS

On Monday, September the thirteenth, the festival of the New Year (Rosh Hashanah) will be observed by the Jews of the entire world. Like all the other Jewish holy days, the festival commences at sunset on the preceding day. Orthodox Jews observe two days, whereas Reform Jews keep only one day.

The festival of the New Year is one of the most important in the whole Jewish calendar. It is the first of a series of holidays lasting nearly a month. It is likewise the beginning of the Jewish year and one of its principal feature is the blowing of the Shofar or ram's horn.

Apart from its joyful and festive nature, Rosh Hashanah is rich in moral import and significance. The fact that it is the beginning of the New Year lends it special sacredness. It is the time of higher resolves, the turning point of the year. It is the day which brings home to the Jew with great force the lesson that the time is short and the work is great, and that, as each year rolls quickly by the task must be accomplished within a shorter period. The festival is a gentle reminder of the brevity of human existence, but it optimistically stresses the doctrine that man, far from being a plaything in the hands of fate, can realize his life's work if he but take advantage of the swiftly fleeting moments.

K. OF C. DIRECTOR BACK; CALLS FRANCE FRIEND

New York, Sept. 6.—William P. Larkin, oversea director of Knights of Columbus war activities, arriving yesterday from France aboard the steamer La France, conveyed messages of love and greeting to the American people from high military and civil officials of the French government. He said that France seemed anxious to retain America as a friend.

Catch Speeders

Thirteen Enrich Coffers of Potomac to Extent of $173.25.

Fines aggregating $173.25, included costs, were collected yesterday in the town of Potomac, comprising the villages of Del Ray and St. Elmo, Arlington county, from automobile speeders.

The town officials yesterday decided that it would be a good day in which to arrest all speed violators. The speed for automobiles within the corporate limits is twelve miles an hour. Officers set out their net and by 1 o'clock yesterday afternoon a total of thirteen Alexandrians and Washingtonians had been brought before Mayor J. W. Varney for violating the speed laws. The Mayor imposed fines of $10 and costs amounting to $3.25 in each case.

The arrests were made by Special Officers Carpenter, Eile and Cree.

RADICALS HOLD FAST ITALY'S PLANTS

Armed Revolutionary Strikers Defy Government To Dislodge Them

REDS ARE ARMED

Washington Not Surprised at News And Regards Crisis as Grave—Genoa Jails Anarchists

Rome, Sept. 6. — Revolutionary workmen remained in control of factories and other industrial plants in various Italian cities today, relinquishing apparently no part of the ground they gained in their sudden stroke to take over the industrial resources of Italy.

Reports from various parts of the kingdom last night recorded no change in the situation—mechanical plants were still being held and the strikers were boasting of the completion of fortifications, manned by organized units of Red guards, with which to hold the buildings against Government troops if and when the Government should decide to wrest away control by arms.

These Red guards were reported to be fully equipped with rifles and with sufficient ammunition to give battle.

From Milan came telegrams reporting an abortive attempt by the revolutionists to seize the Rome Locomotive Works, frustrated by loyal employes and other citizens. In other factories work was at a standstill.

A number of anarchists have been arrested in Genoa, according to advices received here, for trying to smuggle revolvers to the Milan strikers.

The attitude of the Government in this strange situation is just as puzzling as the situation itself, for the army has not yet been ordered into any swift, decisive effort to crush the rebellion. Some elements of the press are demanding quick, strong action and thereby express the desire of the factory-owners who oppose any temporizing with rebellion. But the position of the Government is so delicate that it has been holding off and a conciliation policy may be adopted.

Washington, Sept. 6.—The strike situation in Italy, reported in press dispatches today, is regarded as extremely grave here as well as in Rome. This development did not come as a surprise to observers in Washington, who have noted from time to time the growth of social and industrial unrest in Italy.

The prompt and effective measures adopted by the Italian Government to put down disorder some weeks ago when riots followed a similar but less extensive strike wave lead to the belief that Premier Giolitti may, if he acts quickly and firmly, soon gain control of the situation.

Bolshevist propagandists have been very busy in Italy for many months past. Economic conditions have been extremely bad. The propagandists have used them to the best possible advantage, culminating in the seizure by workmen of Government arsenals and numerous large private manufacturing plants.

While the elements of revolution are seen in the Italian strike situation, it is not believed that the present outbreak will attain such proportions as to actually endanger the Royal Government.

Adana Tortures and Hangings Pictured by American Girl

Constantinople, Sept. 6.—The situation in Adana, Asia Minor, where conditions were recently reported to have been ameliorated through a French sortie, is graphically described in a letter from Miss Ruth E. Henry, of Amherst, Mass., a worker for the American Commission for Relief in the Near East.

"This is not the most delightful watering place in the world just now, with twenty-two Americans penned up in a filthy place living and waiting under a strain night and day," she wrote. "The city is the most hopeless place I can remember, and we have not set foot outside it since we came. It is unclean. I get nauseated just walking to the office.

"As for the people everybody tortures something. Already I have beaten a boy right on the main street for abuse of a dog. With my own eyes I have seen the most heartrending things. One day I saw ten men hanging.

"It is so hot, we drag our beds in the hallway. The roof is impossible. We can hear bullets singing over the roof, at almost any time, we live to the tune of machine guns, cannon and hand grenades.

"One column of French has fought its bloody way to Mersina (against the besieging Turkish Nationalist forces) and grain is being brought into the city under French guard."

Rain Mars Plans

Labor Day Being Observed—Picnic Held Indoors

Showers today retarded the plans of many picnickers who had planned to spend the day out of the city. However, hundreds of residents left Saturday and Sunday for nearby resorts.

A number of baseball games are slated to be played this afternoon if weather conditions permit.

The day here was marked by a general suspension of business, banks, city and government offices being closed all day and by noon practically all business came to a standstill.

The Sunday School picnic planned to have been given on the grounds of the George Mason High School at Llayd was abandoned and the affair is being staged in doors in this city.

At noon today the winner of the Y. M. C. A., Sunday School attendance contest the Second Baptist Church Sunday School was given a dinner in the Westminster building and Miss Vera N. Simpson was crowned "First Lady."

Under the direction of Y. M. C. A., Secretary Kirk E. Wallace a number of games scheduled to have been played in the open will be played in Armory Hall.

Slush Details

Cox Charges G. O. P. Levied $80,000 Assessment on Chicago Coal Men

Chicago, Sept. 6.—Invading the field of operations of the Senatorial subcommittee investigating his charge that the republicans are raising a campaign "slush fund" of $15,000,000 "to buy the Presidency," Gov. Jas. M. Cox last night added another specification to his bill of indictment.

He asserted that a "quota or assessment" of $80,000 was levied upon the coal men of Chicago early in the summer.

The governor gave the names of some of the men whom he said were present and the place in which he said the meeting was held. Some Democrats present, he declared, demurred when the announcement was made.

The candidate's statement was in the form of an inquiry to Republican National Chairman Hays.

The meeting was held on the ninth floor of the Auditorium Hotel early in the summer. The gentleman who announced the quota or assessment was J. K. Dering. What he said was supplemented by C. M. Moderwell.

BANK SUSPECT ESCAPES JAIL

John Kelly Held For Hallowell Murder in Daring Delivery

THREE OTHERS FLEE

Doors of Cell Unlocked and Men Scale Eighteen Foot Wall to Freedom.

Washington police were last night warned by officials of the Baltimore police department that four prisoners, one of them "Gunman Joe" Kelly, of Philadelphia, held at the Baltimore jail in connection with the Sandy Spring bank robbery and murder last March, had escaped in one of the most daring jail deliveries ever attempted in Baltimore.

The four men are:

John Kelly, alias "Gunman Joe," of Philadelphia, charged with being implicated in the murder of Francis M. Hallowell and the robbery of the Sandy Spring bank.

Reid Meyers, of Baltimore, an alleged automobile thief.

John E. Mann, of Baltimore, charged with a hold-up.

James Bailey, colored, of Baltimore, charged with murdering his wife in that city last July 23.

Baltimore police believe that the men will try to make for Washington or Philadelphia.

The discovery of the escape was made at 8.15 o'clock last night by a guard making his rounds of the second tier in the jail.

He first noticed that Meyers was missing from his cell, and upon examining the door found it unlocked, but closed. A further examination showed that Kelly, Mann and Bailey were also missing. The doors of each cell had been unlocked, but no bars were cut and the door had not been "jimmied."

It was then found that a rope had been attached to the railing around the second tier which dropped to the basement of the jail. Here blankets had been drying, and it is thought that these gave the men protection while they cut away bars covering an adjacent window.

Parts of the steel cots in the cell had been pried loose and with these bars they jimmied loose the bars from the cement they were set in and dropped to the yards. Their next obstacle was an eighteen-foot wall, which they climbed and jumped into the branches of a nearby tree, and made their way hand over hand to the street—and escape!

A general alarm for their arrest has been sent out.

BY ANY OTHER NAME

Does a Slav with "sky" or "ski" in his name come always under suspicion of Bolshevism. The plaint of Henry Nevitsky, who has been permitted by the court to change his name to Nevin, implies as much "I have for many years," he says attended the schools in this country and have been imbued with Americanism and American customs since childhood." None the less he has been derided by his neighbors as a Bolshevist. To rid himself of this suspicioun he would disguise his racial origin.

Americanizing a foreign name is nothing new. Often it has been done as a matter of convenience, the foreign name being uncouth or difficult of pronunciation. That is usually creates any hostility to its bearer is doubtful. What, indeed is a foreign name? Undisputed natives of every country bear names which are obviously not of native origin. There are Irish names in France and Spain, French names in England brought thither as long ago as the Norman Conquest, Dutch and German names in America dating from the early settlers.

One objection to changing Nevitsky into Nevin will be strongly held by those who own the latter name of right. Not long ago, in Massachusetts, the courts were urged to check the frequent seizure by recent immigrants of some of the most distinguished family names in the Commonwealth. Unless one's name is as embarrassing as that of the hero of Charles Lamb's "Mr. H." it is best to stick to it.

WHILE TOMATOES ROT ON THE VINES

Some better system of distribution is obviously essential if we are to have more reasonable food prices. Profiteering alone cannot account for the fact that tomatoes are rotting on the vines because it does not pay the grower to send them to market, though the profiteers are quick to take advantage of the situation. Somewhere between the farmer and the retailer there are inefficient methods of handling. Many efforts have been made to bring the farmer and the consumer into closer relations, but it cannot be said that these have succeeded. Cheap transportation by electric freight, the parcel post, the public market—all remain in the region of experiment.

It is obvious, of course, that if it does not pay the grower to try to sell his product the latter is offered for it must be very low. Yet in the face of all this plenty the price the retail buyer pays continues high. When the retailer comes down a bit, the restaurateur refuses to revise his menu. Some one must be making a pot of money.

BABE RUTH SLAMS HIS FORTY-SIXTH HOME RUN

Boston, Sept. 6.—Babe Ruth is probably the only individual in the history of baseball who refuses to be jinxed by a presentation. In fact, to be real truthful about it Babe generally shows his appreciation by taking a toehold on Mother Earth and slamming the first good ball served into oblivion. One thousand members of the Pere Marquette Council, Knights of Columbus, journeyed out to Fenway Park Saturday burdened with armfuls of presents for their idol.

In the first inning immediately after the presentation the Bambino socked one of Jones' offerings for a single, scoring Peck with the first run of the game. In the third inning, with Jones still on the mound, for the Red Sox, the Babe tied the world's record with a terrific drive into the right field bleachers for his forty-fifth home run of the season.

Then for good measure the great old slugger dusted another sphere from the face of the earth and brought another home in the sixth inning of the second game. He has only four more to go to equal fifty, the number Babe said he would make at the beginning of the season.

FIVE DIE, 20 HURT AS CARS CRASH

Fairmont, W. Va., Sept. 6.—Five persons were killed and about a score injured, some of them probably fatally, early yesterday when a trolley car on the Fairview line of the Monongahela Valley Traction Company, near Baxter Station, collided with a freight car carrying building materials. The dead are:

William R. Donaldson, 49 years old, Newell, Pa.

Raymond Donaldson, aged 5, his son.

Virginia Riggs, aged 7, Grantstown.

W. B. Dawson, aged 45, Fairmont.

David Williams, aged 40, Grays Falls.

LEFT FORTUNE BY DEATH, TOO GOOD TO BE TRUE, MAN SAYS

Live Oak, Fla., Sept. 6.—"It's too good to be true," said Ben F. Fleet, wealthy citizen of this town, when he was informed yesterday morning that A. Larkin, of Philadelphia, had died and left him a million dollars.

Fleet declares he doesn't remember an incident that would cause Mr. Larkin to leave him a fortune.

SEIZED BEER FED TO PIGS IN TEXAS MAKES 'EM FAT

Dallas, Texas, Sept. 6.—Phoribition has no sting for pigs at the Dallas municipal farm. Chief of Poice Ryan ordered that no more seized beer be poured in the gutters It will be fed to pigs at the farm, he said.

"Makes 'em fat and happy," the chief added.

NEW GIANT RADIO TO RECEIVE 1,000 WORDS A MINUTE

The stupendous new radio station soon to be erected on Long Island, near New York, will contain an amazing apparatus credited with being able to receive 1,000 words a minute.

The instrument was designed by the General Electric Company in Schenectady. It operates on a photographic principle. A light-weight mirror flutters in electro-magnetic tune with minute electric cimpulse coming from the big steel towers out in the field.

The oscillations vary according to the Morse code of dots and dashes. The mirror reflects a beam of light on a moving sensitized tape. The tape goes through a developing fluid and the receiving operator reads off the message in dots and dashes at the rate of fifty to 100 per minute, just as one reads broker's tape.

CAR RIDER BRAINED LOOKING AT BALLOON

Passing Trolley Hits Man With Head Out of Window

New York, Sept. 6.—In his eagerness to see a navy balloon flying over Broadway, Saturday afternoon, Contello Cartolino, 28 years old, put his head out of a southbound surface car on which he was siding.

He was struck by a northbound car and died today in St. Vincent's Hospital.

BRYAN SILENT ON CAMPAIGN

Nebraskan Visits Washington, But Will Not Comment on Politics

Washington, Sept. 6.—"You can say that Mr. Bryan absolutely declined to discuss the campaign in any way."

That is the only statement William Jennings Bryan would make when he was discovered at the Hotel Lafayette yesterday after quietly slipping into Washington. Mr. Bryan arrived from the West and went to his hotel early in the afternoon. Mr. Bryan also declined to discuss the reasons for his visit to Washington.

He added, "I will be in Washington for just a few days."

WOMAN VOTER GIVES 106 YEARS AS AGE

York, Pa., Sept. 6.—One of the oldest voters in this part of the country will, it is believed, be Mrs. Amanda Craig, and a widow, residing in Oak Lane. She declares she is 106 years old.

As soon as Mrs. Craig learned that the women of Pennaylvania could vote and that the Nineteenth Amendment was passed and ratified, she made up her mind that if she is spared until another election time comes round she will be among the very first York women to cast her vote.

WORLD NEAR OIL SHORTAGE; EXPERTS SEES $1.50 GAS

London, Sept. 6.—Sir Edward Mackay Edgar, head of the well-known firm of bankers and brokers, Sperling and Company, today poured more fuel on the blazing question of the price of gasoline here by declaring "two years from now I fully expect to see petrol selling at six shillings a gallon." That's $1.50 at the normal rate of exchange.

Sir Edward and his company ought to know as they have played an important part in financing oil companies and are considered authorities on oil matters. Sir Edward also is one of the aggressive English leaders who are exerting every effort to develop British owned and controlled oil resources so as to be independent of foreign oil.

With this in view, some special significance can be attached to his remark in an interview with the Daily Herald:

"The world is nearing an oil shortage and must turn to new fields. Concessions held by British subjects in Central and South America, Mexico and Mesopotamia are certain to be attacked, and so ought to have the protection of the British Government.

REPORTERS ARE BARRED FROM DRY CHIEF'S LAIR

Washington, Sept. 6.—Prohibition Commissioner Kramer will refuse to "see" Washington newspaper correspondents in the future.

This new and rather novel idea for public officials was proclaimed yesterday by the official secretary to the prohibition commissioner. It was impossible to verify the announcement by a statement from Mr. Kramer or to obtain any information as to the cause for the edict as not only were the newspaper men excluded from the office, but every effort to reach the Commissioner over the telephone was frustrated by the secretary's declaration that the Commissioner "would not see you."

RAISE OF $1.50 A DAY GIVEN FROSTBURG MINERS

Frostburg, Md., Sept. 6.—The Consolidation Coal Company and other local operators have given an advance in pay to mine laborers, equivalent to $1.50 a day, dating from August 16.

Boys who received less than men's wages were given an increase of 82 cents a day. These advances are similar to those of other fields and adjust certain inequalities of pay discovered in the general award last winter. A large number of men in the local field are affected by the increase.

POLICE CHIEF RESIGNS; UNABLE TO GET HOUSE

Pittsburgh, Pa., Sept. 6.—Natrona, a suburb, has lost its chief of police because after a search of more than a half year he was unable to find a place to live.

When M. F. McFadden was appointed to the head of Natrona's police department eight months ago, he left his wife and children in New Bethlehem, expecting to send for them within a few weeks. He started at once on a hunt for a dwelling.

McFadden made a good police chief, and his friends helped him in the hunt. The search was fruitless. There has been no serious attempt to build new houses in Natrona for two years and the number of employees in the salt works there has been growing steadily. McFadden, baffled, resigned to go back to New Bethlehem where he knows of at least one place where he can live.

"BOBBIE" HARRON, MOVIE STAR, DIES OF WOUNDS

New York, Sept. 6.— Robert Harron, star of D. W. Griffith's film "Intolerance" and other Griffith pictures, died yesterday in Bellevue Hospital.

Mr. Griffith has charge of all funeral arrangements. In theatrical circles the story is told that Griffith took a fancy to Harron while he was working for him as an office boy, and helped him to climb the ladder to movie prominence.

Harron was unpacking a trunk in his room a few days ago when a revolver fell from a coat pocket, struck the floor and was discharged. The bullet entered the actor's abdomen.

The Certain-teed Guarantee as a Basis for Estimating Roofing Cost

The Certain-teed guarantee provides a basis for estimating the approximate cost per year of your new roof.

Certain-teed Roofing, Number 3 Heavy, is guaranteed for fifteen years. It usually lasts longer.

Taking fifteen years as the assured life and dividing the unusually low cost of Certain-teed, as compared to most modern types of roofing, by this figure, you readily see how economical Certain-teed is.

The light and medium weights of Certain-teed are also guaranteed, five years for the former and ten years for the latter.

In addition to its durability, Certain-teed is weather-proof, fire-retarding and spark-proof.

And it costs less to buy, less to lay and less to maintain than any other type of good roofing.

See a Certain-teed dealer about roofing. If he hasn't enough of the weight you want in stock he can quickly get more from a nearby Certain-teed warehouse or distributing center.

CALOMEL LOSING OUT IN SOUTH

Mr. Dodson, the 'Liver Tone' Man, Responsible for Change for the Better

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience. Take a dose of calomel today and tomorrow you will feel weak, sick since all the next day like violent calomel and nauseated. Don't lose a day.
